- Transportation
- And more...

**Contact us to learn more about CIBC's banking offers for international students.**

<sup>1</sup> CIBC International Student Pay provides access to all developed market currencies and select growth market currencies.

In accepting payments for an educational institution, CIBC acts as a service provider to the educational institution — not as a service provider to you. In the event you decide to send a payment to an account owned and / or operated by CIBC for transmission to an educational institution, you irrevocably agree that CIBC may accept and act upon the sole instructions of the educational institution with respect to such payment. You are not required to use the Online Platform to pay tuition fees to an educational institution. You are at all times entitled to source Canadian dollars from alternate financial institutions, including your local financial institution. CIBC derives income from the difference (the spread) between the prices at which we buy and sell foreign currency. CIBC's spreads may differ from time and can change (without prior notice). This spread is reflected in the quote CIBC provides to the educational institution. CIBC may offer the educational institution rebates in connection with the solutions provided, which rebates may not be passed along to you.
